TREDEX PRO

About Our Company

Ebenezer John founded Treedex PRO in 2022, positioning it as a leading force in cryptocurrency trading technology. With a **team of 30 skilled professionals operating in the UAE and across the globe**, Treedex PRO has successfully created **cutting-edge AI software** designed exclusively for cryptocurrency markets. Our unique algorithm is designed to **prioritize capital protection** and aims to deliver **steady monthly returns**.

Our **team of seasoned traders** oversees our AI's activities from the backend, **ensuring precision and reliability** in every trade. Additionally, our customer support team, based in the UAE, **provides exemplary service**, serving as the primary interface for our diverse global clientele.

Beyond financial success, **our mission is to redefine global perceptions of cryptocurrencies through our innovative AI solutions**. We are committed to democratizing safe cryptocurrency trading and empowering individuals globally to generate supplementary income while embracing the transformative potential of digital assets.

ABOUT CRYPTOCURRENCIES

2022-2025

Cryptocurrencies are experiencing a robust phase of development and adoption worldwide. They have gained significant **acceptance as credible assets and viable payment solutions among businesses and consumers** alike. Regulatory frameworks have notably evolved, offering clearer guidelines that enhance stability and investor confidence in the market.

Technologically, blockchain has progressed and paved the way for broader applications beyond traditional finance, such as decentralized finance (DeFi) and non-fungible tokens (NFTs).

Despite these positive developments, **cryptocurrency markets remain dynamic and responsive to global economic factors, technological shifts, and regulatory developments.** Navigating these dynamics requires vigilance and adaptability but also presents substantial opportunities for growth and innovation within the cryptocurrency ecosystem as it continues to mature and integrate into mainstream finance.

2008-2009: The Creation of Bitcoin

2010: First Bitcoin Transaction and Establishment of Value

2011: Emergence of Alternative Cryptocurrencies

2013: Bitcoin Reaches \$1,000

2015: Launch of Ethereum

2017: Cryptocurrency Boom

2018: Market Correction and Regulatory Focus

2020: Institutional Interest and DeFi Expansion

2021: Bitcoin Peaks and NFT Boom

TREEDEX PRO

Our Product

At Treedex PRO, we **revolutionize cryptocurrency trading** with our advanced AI software. Designed to navigate the volatile crypto markets with precision, our AI employs a **sophisticated algorithm** that focuses on **preserving capital** while aiming for **consistent monthly returns**.

Our software utilizes over **100 meticulously developed trading strategies**, with an emphasis on **hedging and swing trading techniques**. These strategies are executed swiftly and accurately, leveraging the AI's exceptional **speed to seize market opportunities** in real time.

What sets our AI apart is its **balanced approach**, creating a **low-risk trading environment** without sacrificing profitability. Each trade is executed with **efficiency and reliability**, making our software a standout solution in the competitive cryptocurrency trading landscape.

Advanced Algorithm

Focused on capital preservation with consistent monthly profits

Diverse Strategies

Utilizes over 100 trading strategies, emphasizing hedging and swing trading

Conservative Approach

Minimizes risk exposure while maximizing returns

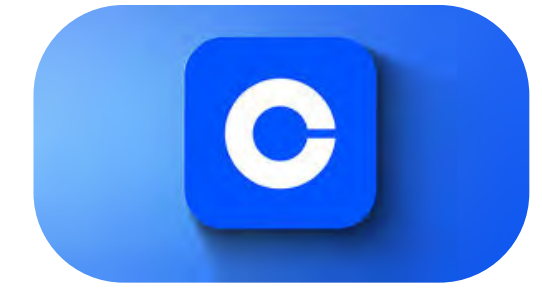

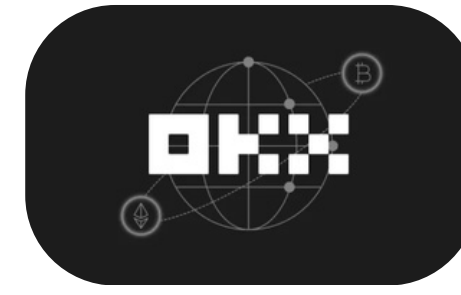

Speed and Efficiency

Executes trades swiftly to capitalize on market movements instantly

TREEDEX PRO

ONBOARDING

We facilitate client onboarding for cryptocurrency trading through trusted platforms such as **Binance, Bybit, KuCoin, OKX, Gate.io and Coinbase Perpetual**. They are recognized for their strong reputation and trustworthiness in the industry.

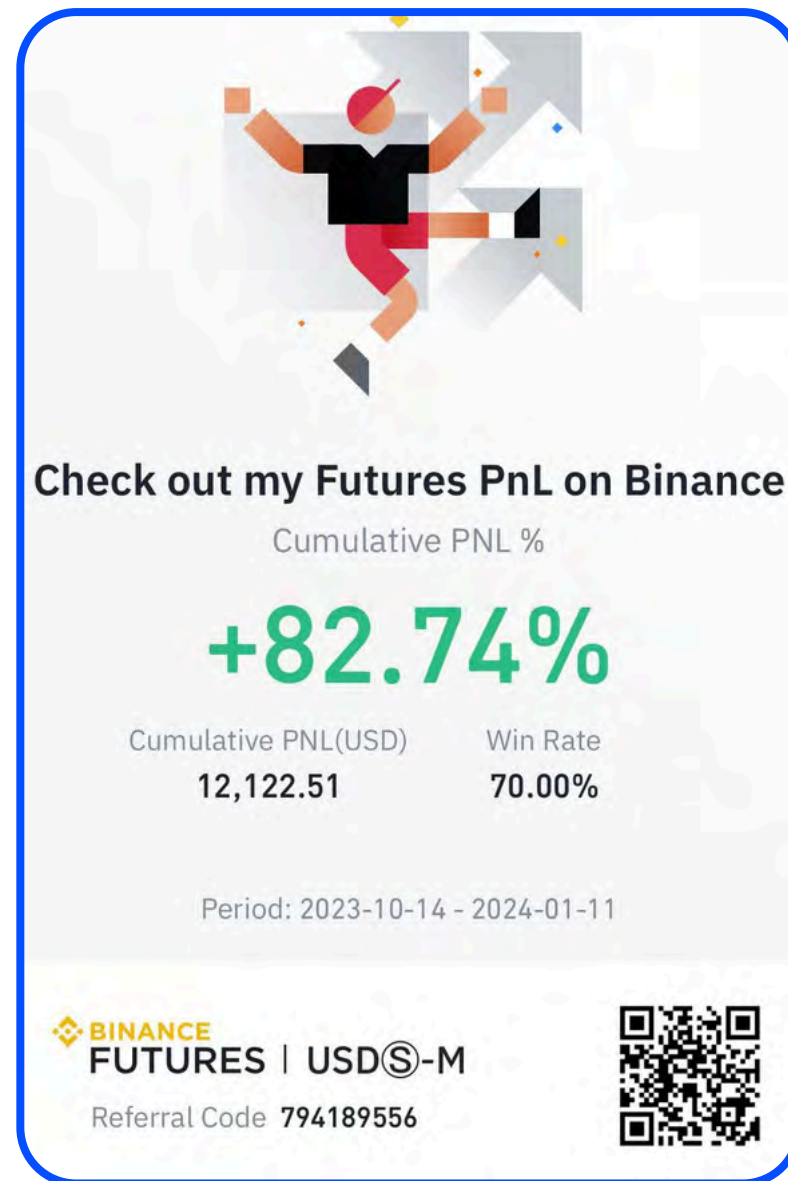

Our 6 step process for working with us:

- Register with Treedex PRO by signing the subscription agreement
- Download and verify your Binance/Bybit account
- Set up your 2-step verification with Google authenticator and email
- Our team will add the API keys to your account (In-person or online)
- Fund your futures account
- Our AI will start trading within 5 to 7 days.

Join countless investors who trust our AI cryptocurrency trading software to navigate the complexities of digital asset markets effectively. Whether you're a seasoned trader or new to cryptocurrencies, empower your investment strategy with cutting-edge technology that delivers consistent results.

TREEDEX PRO

Business Model

At Treedex PRO, our business model is designed to operate on a **subscription basis**, allowing clients to benefit from the **consistent performance** of our AI in **generating monthly profits**. Through a **profit-sharing approach**, our subscription fee is directly tied to the profits generated, ensuring that **clients pay based on their actual earnings**. This transparent method aligns our success with that of our clients, creating a mutually beneficial relationship.

How does this benefit a client?

- **Hands-Free Trading:**

The AI handles all trading activities, allowing clients to relax while their funds are managed.

- **Consistent Profitability:**

The AI delivers 10-20% monthly returns, outperforming traditional investments.

- **Performance-Based Fees:**

Fees are only paid after a 5% increase in capital, aligning success with clients.

TREEDEX PRO

Business Model

How does this benefit a client?

- **Advanced Strategies:**

The AI uses over 100 strategies, including hedging, to maximize profits and minimize risks.

- **Stress-Free Investment:**

Clients enjoy a "set it and forget it" experience without constant monitoring.

- **Superior Returns:**

Treedex PRO offers competitive returns compared to traditional investments.

- **Transparent Approach:**

Clients have full control and transparency over their funds in their accounts.

- **Empowerment Through AI:**

- The AI helps clients stay ahead in the volatile crypto market
-

Our Terms & Conditions

- For **software installation**, the client agrees to give Treedex PRO access to their account to add Application Programming Interface (API) keys and IP addresses to successfully install the software.
- The client agrees that the only **access given** to Treedex PRO is limited to “readings” “futures” and “Spot & Margin Trading”. The client has exclusive access to transfers and withdrawals. Treedex PRO will not manage funds on behalf of the client.
- The client agrees to fund the account right after the software is installed. Upon registration, a **security deposit** must be paid in advance, and this deposit is refundable.
- **Subscription fees** are collected once the client's account reaches a 5-10% profit. Treedex PRO will notify the client through a call, email, or WhatsApp upon reaching this milestone, prompting payment or transfer of the fees.
- **Failure to make timely payment** or non-payment of subscription fees will result in an immediate suspension of the software, and legal action will be initiated against the client.
- Should the client decide to **terminate the subscription**, the client must notify Treedex PRO 30 days prior. (To successfully close trades).
- The client agrees to use the software exclusively for trading in their own accounts and not on behalf of others.
- The client must not withdraw funds from the account while trades are ongoing, as any disruption may cause the software to immediately cease operations.
- The client shouldn't manually initiate new trades or investments while the software is executing trades.
- Once a trade is initiated, the account should not be stopped, paused, or disrupted, as such actions may lead to trade changes (losses), for which Treedex PRO holds no responsibility.
- Treedex PRO is not responsible for the success or failure of trades, including any financial losses or unrealized future financial projections resulting from using the software. The client is aware that cryptocurrency trading carries certain risks, such as market changes and price fluctuations. Additionally, the client understands that issues like market disruptions, communication delays, technical glitches, or external factors beyond Treedex PRO's control may occur, and the company cannot be held accountable for this.
- While we strive to maximize outcomes, we cannot guarantee capital protection against account liquidation in the event of significant market crashes.
- The information provided is for informational purposes only and should not be interpreted as investment advice. Clients are solely responsible for their investment decisions, including any associated risks.
